

# Welcome to your digitalised classroom

Introducing technology-enhanced learning

## OMANG is the learning solution for the future. ONE device with everything you need:

- ACCESS to infinite knowledge and information on the internet with security
- EACH child gets a device pre-connected with data connectivity, personalised educational content and online resources
- WE handle all the back-end admin roles, set-up and uploading of learning materials
- FREE training for teachers, learners and parents
- FULL remote tech support around the clock

## BRINGING THE FUTURE-FOCUSED CLASSROOM TO YOU

### FULL control for teachers and schools:

- Upload your own extra content or let our support team handle it
- Provide video lessons, notes and assignments to learners
- Assign study materials to a specific class or the whole grade
- Set up multiple-choice tests with automated marking and delivery of results
- Set up group activities on forums for teacher-mentored class group chats and discussions
- Integrate existing learning platforms to provide a holistic learning experience
- Easy navigation of the functions with no tech skills requirement

### FOR YOUR CHILD. SAFE AND SECURE.
